

Advance Notice of Pesticide Treatment

Mercy High School - Farmington Hills, MI

This notice is to be provided whenever a pesticide, other than a bait or gel formulation, is to be applied at this facility. The information will be posted using the methods identified in the Annual Notification.

Attention: This facility utilizes an Integrated Pest Management Program for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time a pesticide application may be necessary to control certain pests.

Please be advised that a pesticide is expected to be applied to control
Insects.

The approximate location of this pest control treatment is
Perimeter of Mercy High School building and grounds.

The anticipated date of treatment will be
April 17, 2025.

If you have questions pertaining to this treatment, please contact:

Name: Mercy High School - Dan Duncan
